Colorado Credit Union in the Community

Women Grow Emergency Savings Through EmpowerHER Program

We're thrilled to celebrate the graduates of our EmpowerHER Program, in partnership with Dress for Success Denver. The four-week program featured in-person workshops led by the credit union's financial experts covering essential topics in saving, investing, budgeting strategies, responsible credit use, and long-term financial planning. A key highlight of the program was the opportunity for participants to join Colorado Credit Union and earn funds to grow their emergency savings fund.

Junior Financial Counselor Program Builds Money Skills for Girl Scouts

Our Brighton team welcomed 30 Girl Scouts for an interactive financial literacy experience through the Junior Financial Counselor patch program. The Girl Scouts explored budgeting basics, learned the true cost of everyday products, and practiced planning, saving, and making smart spending decisions. They also put their skills to the test during the Bite of Reality simulation, navigating real-world scenarios and managing monthly expenses. It was inspiring to see their curiosity, teamwork, and confidence grow!

Making an Impact in Local Classrooms

This spring, we brought our Bite of Reality financial education experience to Columbine High School and Dakota Ridge High School, reaching more than 150 students. Through this interactive event, students gained hands-on insight into real-world budgeting, decision-making, and financial responsibility. We're proud to support local schools and help equip students with the knowledge they need to build a strong financial future.
