

COLORADO CREDIT UNION

Love where you live. Love where you bank.

Member Newsletter

FALL ISSUE 2019

Our new logo is here!

Colorado Credit Union is proud to announce our new logo, colors, and tagline! We are thriving and experiencing exceptional growth and want to better represent CCU while maintaining our dedication and superior service to all members!

Our new logo represents Colorado's natural beauty and symbolizes guidance, exploration, and stewardship. The 'C' outline represents our strong bond with our state. The mountain represents strength and stability while outlining the Maroon Bells. The soaring eagle is a symbol of freedom and courage. Warmth, optimism, and growth are symbolized by the yellow sun. The 'JM blue' color represents our heritage and connection, as we were originally chartered to serve the employees of the Johns Manville corporation. Our new tagline —*'Love Where You Live, Love Where You Bank'* — describes how our members feel about Colorado and CCU.

The board, management, and staff are very excited about CCU's new look and the future of our credit union. We want to assure you that Colorado Credit Union is not merging, nor are we being bought out. The credit union is safe and sound and is performing exceptionally well. As we grow as a financial institution, we are excited to share some additional exciting news that will improve your banking experience.

We are excited to announce that our Littleton branch will be moving to Kipling and C470. We wanted a more visible and accessible location and have recently purchased the building at 10026 W. San Juan Way in Littleton. The plan is to move our Littleton branch to the new location on San Juan Way in early 2020. Our corporate offices will remain at the Continental Divide location.

Additionally, we are pleased to announce that a new and improved Online and Mobile banking platform is coming soon. In order to provide you with the most updated and easiest digital banking experience, our online and mobile banking platform will be upgraded to a new system in late 2019. Our current Mobile Banking App will remain in the dark orange color scheme with our old logo until our digital banking platform upgrade is complete.

We will update you on the Littleton branch relocation and the new digital banking platform as more information becomes available. Over the next few months, you may see our old mountain logo on some items until we are able to get all documents, signs, etc. transitioned to the new logo. We appreciate your patience through this process, and we appreciate your membership with Colorado Credit Union!

Are home projects on your Fall to-do list?

Thinking about home projects can be stressful! If you are considering a kitchen remodel, finishing a basement, or even getting new furniture, the good news is that many homeowners have equity in their homes that can often times be accessed to fund home projects and other large expenses. Funds can even be used to consolidate debt, pay medical expenses, or used for college expenses. At CCU, we have Home Equity Specialists that can help explain the benefits of home equity loans and lines of credit. Contact us today to see how we may be able to help: 303.978.2274.
