CELEBRATIONS & CONGRATULATIONS

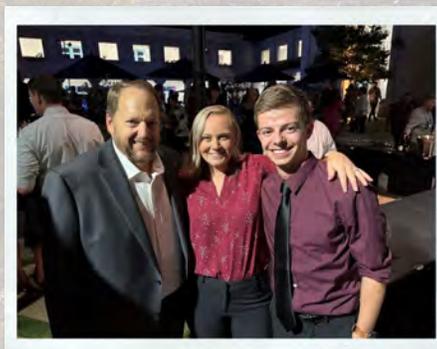

We are excited to celebrate our President & CEO Mike Williams for being named a Pierre Jay Award recipient.

The Pierre Jay Award honors those who have demonstrated outstanding service, leadership, and commitment to NASCUS and the state system. This distinction is NASCUS's highest honor in recognizing champions of the state credit union system.

Please help us congratulate two employees, Sandra and Xochitl, who recently graduated from the GoWest Leadership Institute.

This seven month program helps emerging leaders develop their brand and application of concepts into their day-to-day practices. We are so proud of them and know the credit union movement has a bright future with these emerging leaders.

To wrap up our celebrations, please congratulate our Director of HR, Josh, and Operations Manager, Holly, for attending Western CUNA Management School (WCMS) in July. Josh completed his second year and Holly completed her first of three years.

WCMS is designed for managers and upper-level operational staff who have credit union management career goals.
